#1 PUTTING TRAINING CONCEPTS

WELLVISION

This ultra-thin stainless steel mirror offers a clear reflection to help you analyze and perfect your putting stance, alignment, and stroke. Intuitive markings guide your eye alignment over the ball, while the integrated start line gate and putter head gate ensure precise stroke mechanics. Compact and elegantly packaged, it easily fits into your golf bag, making it an essential accessory for practice or pre-round warm-ups.

WELLVISION PLUS

The Wellvision Plus combines two putting mirrors to enable golfers to develop consistency and accuracy in putting set-up and ultimately achieve centered ball control and enhance start-line control. The main mirror helps position the eye properly and features alignment lines, both parallel and perpendicular to the target line. It also includes metal chrome balls that can be arranged as gates to provide immediate feedback on your stroke. The secondary mirror is designed to deliver feedback on shoulder and body alignment for a perfect set up.
